

# WHOLE-HEART TRANSFORMATION

## Discussion Questions

### THE CONVERSATION

- What are some of the externals that our church tends to focus on? (e.g., “Do and Don’ts”, attendance, required programs)
  - What pressure do you feel to focus on these or other externals? Where do you believe this pressure is coming from?
- What do our words and action demonstrate that our church believes is big to us?
- What is big to Jesus that isn’t big to us?
- Please share a story of how what is big to Jesus became big to you and it changed you in an area of life that you think about a lot.
- What do you believe are some of the obstacles that are preventing your church from pursuing whole-heart transformation?
- What would it look like to be the transformed people of Jesus in our community beyond the services/programs of our church?
