

HOW DOES THIS TRACK HELP YOU BUILD A DISCIPLE-MAKING COMMUNITY?

Disciples of Jesus hear his voice and the power for transformation depends on how well we hear His voice. This track will provide imagination for how the prophetic is essential in making disciples and will give you tools and practice in exercising the prophetic in ways that help you make disciples.

TRACK DESCRIPTION

Mature prophetic ministry has the potential to shift the spiritual barometer of a life, family, church, community, or region towards greater Gospel impact. It moves a low barometer of spiritual dryness, lifelessness, legalism, hardness, and stuckness to a higher barometer of spiritual intimacy, Gospel multiplication, Kingdom traction, discernment, power, and impact.

Two types of training are required to grow in the prophetic and encounter such a shift. One type includes gaining biblical and theological grounding to both raise expectation and faith for prophetic ministry and avoid common excesses and pitfalls often associated with the prophetic. The second type of training is experience—cultivating, risking, attempting, and stretching within a safe, developmental environment. The Prophetic Development track provides both.
